A Murderous Jap.

SAN FRANCISCO, November 8.—At 907 Clay street last night Mrs. Anna Yanagisawa was shot and killed by Kononishi Hagashi, a waiter by occupation. Both parties were Japanese, each 35 years old. The murdered woman, who was very pretty, had been deserted by her husband about two years ago, since which time she has had many suitors, among whom was Hagashi. He was jealous of the attentions of others, and in a fit of passion killed her. He gave himself up and was charged with murder.

Christian Conference.

SAN FRANCISCO, November 8.—The Liberal Christian Conference reassembled this forenoon at the Unitarian church on Geary street, and organized for the transaction of business, Judge M. A. Luce of San Diego presiding, and Rev. C. P. Massey of Sacramento acting as Secretary. Addresses were made by Rev. G. H. Green of Washington Territory, and Rev. D. Cronin of San Diego. Rev. Eli Fay, D. D., of Los Angeles, preached the annual sermon.

Our Court Recognized.

SAN FRANCISCO, November 8.—Juan M. Luco has brought suit in the Circuit Court against R. S. Baker and others, residents in Los Angeles, to recover possession of one-seventh of Pico oil spring petroleum mine, out of which he alleges he has been defrauded. A motion was made this morning that the case be transferred to the new District Court of Southern California. The case is noteworthy in being the first in which a motion has been made for removal to the newly appointed court.

Death From a Strange Cause.

PORTLAND, November 8.—News of the death from a strange cause reached the city this morning of Richard Comstock, of Munroe county. He was working in irrigating ditches and wore boots, whose soles were fastened on with brass wire. The leather shrunk and exposed a piece of the wire and a small particle of the wire entered his foot and made its way up toward the knee. Blood poisoning ensued and Comstock died.

A Hard Drinker Suicides.

SAN FRANCISCO, November 8.—The body of a man was found in the Sand Hills, near Golden Gate Park yesterday. The man had evidently committed suicide, as there was a knife wound in his throat and a pocket knife was found near the body. The remains were to day indentified as John Ashley, a carpenter and hard drinker.

Prize Fighters Convicted.

SAN FRANCISCO, November 8.—Martin Castello, the "Buffalo," and Thomas Cleary, were to-day found guilty in Oakland of felony for prize fighting in that place. They will be sentenced Monday next. The verdict has occasioned great surprise, the case being the first in the State in which a conviction of prize fighters of felony has taken place.

Residence Burned.

MARYSVILLE, Cal., November 8.—A fire last night destroyed the residence of D. Morgan in this place. The family was asleep at the time the fire broke out, but was wakened by parties who discovered the fire in time to effect their escape in their night clothes. Loss $1500, insurance $900.

Killed by the Cars.

PARING DOWN.

Vandever's Majorities on the Wane—Lynch's Growing.

[*Special to the Herald.*]

SAN BUENAVENTURA, November 8.—Vandever's official mojority in this county is 247.

San Benito.

[*Special to the Herald.*]

HOLLISTER, Nov. 8.—Lynch's majority in San Benito by official count is 203.

At San Diego.

[*Special to the Herald.*]

SAN DIEGO, Nov. 8.—Exact figures cannot be obtained until the Board meets. It is certain that Vandever's majority in this county will not exceed 225. There has been nothing revealed to change the former estimate. Many outside precincts which are all Democratic sent in scaled returns, and the newspapers were not informed of the result. The Republicans who are counting on the old incomplete plurality will be deceived. This may be relied on.

Mono's Vote.

[*Special to the Herald.*]

BODIE, Nov. 8.—Vandever's majority in Mono county is 150. This is complete and accurate.

San Bernardino.

[*Special to the Herald.*]

SAN BERNARDINO, Nov. 8.—Vandever's majority in this county is only 29. This is correct and complete.

THE PRIZE RING.

Two Fights of Interest in the East.

BALTIMORE, November 8.—Fully 2500 people braved the cold to-day and journeyed five miles to see Jack Kilrain and Frank Herald spar at Herring Run race track. The ring was pitched on the track directly in front of the Judge's stand. The two men were in splendid form Herald stripping at 176 and Kilrain at 180 pounds. The sun was nearly down when the pugilists made their appearance, and a brisk wind from the northwest made standing on the bare ground exceedingly unpleasant. When time was called Kilrain at once began to work on the offensive, and after a few moments sparring, got in three wicked blows on his opponent's face in rapid succession, each bringing blood. Herald then made one of his furious rushes, but Kilrain dodged him cleverly and they clinched, but in breaking away Kilrain, by a quick movement, landed Herald squarely on his back in the corner, where he lay bleeding from the mouth and nose and panting heavily, when the police rushed through the ropes and stopped the fight. Kilrain was not touched, while Herald received a cut on his upper lip and another on his nose. The two-ounce gloves used showed conclusively that both men meant business. There is talk of the fight being finished with bare knuckles to-night.

WARREN-O'LEARY.

LOUISVILLE, November 8.—Tommy Warren, of Louisville, and Patsy O'Leary, of Cincinnati, fought twelve rounds near Milldrigh Hill, Meade county to-day, for the featherweight championship and $1000 a side with kid gloves. The fight was awarded to Warren on a foul, allowed by O'Leary leaving the ring in the twelfth round. A special train with over a thousand people left the city early this morning, paying $5 a head to witness the fight. Representatives from Cincinnati, Chicago and the East, numbering fully 5000 men, were present.

California Fruits East.

NEW YORK, November 8.—The Commercial Bulletin says: "Business may be considered of a strictly holiday character. Fruits have attracted some attention, but the market, particularly for raisins, has been in such condition that interior dealers have been cautious in handling large quantities, as a lower range of values has been anticipated. California growths have been sought with some freedom for future delivery. Due interest in these has been stimulated by the fact that they are yet comparatively a new thing in the market. Many are anxious to obtain them, some partly for novelty and partly for the reason that samples submitted show a decided improvement over the quality of previous years. The steamer Eldorado, which is due to-morrow, has 5000 boxes of California raisins aboard.

A Writ Issued.

ST. LOUIS, MO., November 8.—Mrs. Lizzie Roots, mother of David S. Fotheringham, the Adams Express messenger who was recently robbed on the St. Louis and San Francisco railroad, a few miles from this city, applied to-day through her attorneys, to Judge Thayer of the Circuit Court, for a writ of habeas corpus on behalf of her son, who her petition says, is unlawfully restrained of his liberty by officials of the express company, he being locked in a room at the Southern Hotel against his consent, and that he is constantly in the charge or under the eye of a detective The court ordered a writ to issue returnable to-morrow-morning.

A Duel.

SAN ANTONIO, Tex., November 8.—News has reached here from Friotown of a duel between two wealthy rancheros, Hiram Bennett and John Rumfield, in Searalea county. The duel was the consequence of an unsatisfactory business transaction. They stood a hundred yards apart and used Winchester rifles. Bennett was killed. He was worth a quarter of a million dollars.

Cleveland and His Cabinet.

WASHINGTON, November 8.—President Cleveland accompanied by Secretaries Bayard and Lamar, left Washington on a special train at 4 o'clock yesterday afternoon for New York. Secretary Whitney left on the regular train at 2 o'clock.

The Telephone Cases.

WASHINGTON, November 8.—The Supreme Court to-day granted the motion made last week to advance and hear the telephone cases, six in number, now on the docket, and ordered that they be set for argument as one case on January 24th next at the head of the calendar.

A Shipwreck.

NEW HAVEN, Conn., November 8.—The United States revenue cutter Manhattan foundered yesetrday morning about twenty-one miles off this harbor, carrying down with her all on board. She was of about 125 tons and carried a crew of twenty-five.

Carlisle to be Contested.

CINCINNATI, O., November 8.—George Thobe, candidate against Speaker Carlisle for Congress in the Sixth District of Kentucky, announces his intention to contest the election of Carlisle.

A Fire.

LAGRANDE, Ogn., November 8. — The twelve-stall round house of the O. R. & N. Co. at this place was burned last night. Two engines were badly damaged. The loss is $12,000; partly insured.

Republicans Carry Minnesota.

ST. PAUL, November 8.—Returns from all but two counties in the State give McGill, Republican, for Governor, 2597 majority.

THE PRESIDENT.

He Visits Grand Old Harvard.

HE ADDRESSES THE ALUMNI.

A Large Array of Distinguished Gentlemen Assembled at the Banquet.

BOSTON, November 8.—President Cleveland is in Boston and at Harvard College for the first time this morning. He has had honors official; he is now receiving honors classical and this evening he will be accorded the salute popular. At 6:15 Generals Dalton, Holt and Nettleton entered the car and the President greeted them. When the suburbs were reached the president was met by Governor Robinson, who made the address of welcome. The President briefly replied, thanking the Governor for his cordiality and expressing pleasure at the general welcome.

The cadets were then brought into line and presented arms. The President and Governor entered the first carriage, General Holt and Secretaries Bayard and Lamar the second, and Cols. Currier and Rockwell General Nettleton and Col. Lamont the third.

A large crowd hailed the arrival of the party at the Vendome hotel, and cheer after cheer went up as the President and the Governor ascended the steps.

The Presidential party arrived at Harvard College soon after 10 o'clock, and were received at Gore Hall by President Elliott. The procession to Sanders' Theater was then immediately formed.

The exercises opened with prayer by Rev. Francis G Peabody. The oration, which was delivered by James Russell Lowell, was very long and a classical address. The Poem of the Day was read by Oliver Wendell Holmes.

A number of honorary degrees were then conferred by President Elliott, the exercises closing with a benediction by Rev. Mr. Peabody. The members of the alumni and invited guests then adjourned to Memorial hall, where a banquet was spread.

Members of various associations with their invited guests took up the line of march to Memorial Hall, which was soon reached. The invited guests were first to enter and were saluted with a song by the Anniversary chorus. President Cleveland entered the hall and walked to his place by the side of Judge Devens. No hall in New England probably ever had such an array of

DISTINGUISHED MEN.

The President's table was surrounded with faces of men whose names are household words all over America and many of them such throughout the civilized world. At the President's table were seated the following distinguished guests: Secretary of War, Endicott; Secretary of the Navy, Whitney, Secretary of the Interior Lamar, Hon. Robert C. Winthrop, United States Senator Hoar, Dr. S. Weir Mitchell, Professor Rudolfo Lauciani of the University of Rome, Hon. James Russell Lowell, Dr. Oliver Wendell Holmes, Mr. Francis Harkman, Dr. John Shaw Billing, Prof James B. Thayer, Alexander Agassiz, Geo. Wm. Curtis, Hon. Chas. Devens, President Charles W. Elliot, President Timothy Dwight, of Yale College, Dr. Charles Taylor, University of Cambridge, England, President James B. Angell, Rev. Mandell Creighton, of Emmanuel College, Cambridge, England, Right Hon. Sir Lyon Playfair, of the University of Edinburgh, and others.

THE BANQUET.

Although the hour set for the banquet was 2:30 it was 3:30 o'clock before Judge Devens, president of the day, was enabled to call the company to order When he finally did so there were 1200 persons seated at long tables, and then all had not been accommodated. Prof. Alexander McKenzie, of the First Church of Cambridge, invoked divine blessing and the banquet began. While dinner was in progress Mrs. Grover Cleveland, attended by Mrs. Endicott and the wife of the President elect of Harvard, entered one of the gallaries with a number of other invited guests, and was enthusiastically received by those present. At the close of the banquet the alumni sang "St. Maritan" in chorus, after which President Devens arose and delivered an address of introduction. At the conclusion of Judge Devens' address, the audience rose and led by the anniversary chorus sang "Fair Harvard" with great spirit. President Deans then gave as the first sentiment "Our Alma Mater," calling upon President elect to respond. The President-elect closed amid applause. The sentiment "Commonwealth of Massachusetts" was responded to briefly by Governor George D. Robinson. At its close President Devens, in a felicitous speech in which he eulogized the qualities of the nation's chief, introduced President Cleveland, who spoke as follows:

CLEVELAND'S SPEECH.

MR. PRESIDENT AND GENTLEMEN—I find myself to day in a company to which I am much Aunused and when I realize the lumni of the oldest college in the land surrounding in their right of sonship the maternal board to which I am but an invited guest, the reflection that for me there exists no Alma Mater, gives rise to feelings of regret which are kindly tempered only by the cordiality of your welcome and your reassuring kindness. If the fact is recalled that only twelve of my twenty-one predecessors in office had the advantages of collegiate or university education, proof is presented of the Democratic sense of our people rather than argument against the supreme value of the best and most liberal education in high public positions. There certainly can be no sufficient reason for any space or distance between the walks of the most classical education and the way that leads to a political place. Any disinclination on the part of the most learned and cultured of our citizens to mingle in public affairs and the consequent abandonment of political activity to those who have but little regard for the student and scholar in politics are not favorable conditions under governments such as ours, and if they have existed to a damaging extent very recent events appear to indicate that education and conservatism are to be hereafter more plainly heard in the expression of popular will. Surely the splendid destiny which awaits patriotic effort on behalf of our country will be sooner reached if the best of our thinkers and educated men shall deem it the solemn duty of citizenship to actively and practically engage in political affairs, and the force and power of their thought and learning shall be willingly or unwillingly acknowledged in party management.

If I am to speak of the President of the United States I desire to mention as the most pleasant and characteristic feature of our system of government the nearness of the people to their President and other high officials. The close view afforded our citizens of the acts and conduct of those to whom they have entrusted their interests, serves as a regulator and check upon temptation in office, and is a constant reminder that diligence and faithfulness are the measure of public duty, and such relation between President and people ought to leave but little room in popular judgment and conscience for unjust and false accusations and for malicious slanders invented for the purpose of undermining the people's trust and confidence in the administration and government. No public officer should desire to check the utmost freedom of criticism as to his official acts, but every right-thinking man must concede that the President of the United States should not be put beyond the protection which the American love of fair play and decency accords to every American citizen. This trait of our national character would not encourage if their extent and tendency would be appreciated the silly, mean and cowardly lies that every day are found in the columns of certain newspers, which violate every instinct of American manliness and in ghoulish glee desecrate every sacred relation of private life. There is nothing in the highest office that the American people can confer which necessarily makes our President altogether selfish, scheming and untrustworthy. On the contrary, solemn duties which confront him, tend to sharpen the sense of responsibility of the trust of the American people, and an appreciation of their mission among the nations of the earth. It should make him a patriotic man and the tales of distress which reach him from humble and lawless and needy and afflicted in every corner of the land cannot fail to quicken within him every kind impulse and tender sensibility. After all it comes to this. The people of the United States have one and all a sacred mission to perform, and your President not more surely than every other citizen who loves his country must bear his part of the responsibility of a demonstration to the world of the success of popular government. No man can hide his talent in a napkin and escape the condemnation, which his slothfulness deserves, nor evade the stern sentence which his faithlessness invites. Be assured my friends that the privileges of this day, so full of improvement, and the enjoyments of this hour, so full of pleasure and cheerful encouragements, will never be forgotten; and in parting with you now let me express my earnest hope that Harvard's Alumni may always honor the venerable institution which has honored them, and that no man who forgets and neglects his duty to American citizenship will find his Alma Mater here."

The President's speech was received with great enthusiasm. President Devens then introduced to the audience in turn Secretaries Bayard, Lamar, Whitney and Endicott, who were each received with deafening cheers. The President and Cabinet officers then withdrew to attend a public reception at Faneuil Hall. They were escorted by the Lanciers and reached the hall about 5:45.

Faneuil Hall was packed with people to participate in the reception tendered to President Cleveland by the people of Boston. At 5 55 P. M., Mayor O'Brien and the President appeared on the platform. Mr. Cleveland's appearance was the signal for an outburst of applause. With the President were Governor Robinson and members of his staff, Collector Saltonstall, Secretaries Bayard, Lamar; Private Secretary Lamont, Lieutenant Governor Ames, and Lieutenant Governor-elect Brackett. The general public was then allowed to file across the stage, and for over an hour, the people were given an opportunity to shake hands with the President. When the doors were finally closed, there were almost as many more people waiting for their chance The President then proceeded to the hotel Vendome.

CALIFORNIA RAISINS.

Packing, Prices and Markets for the Product.

The raisin crop is now about all in warehouses and the movement to the east is quite rapid. The large dealers, W. T. Coleman & Co. of San Francisco, with a branch house here, and houses in New York, Chicago, and other eastern cities, have within the past ten days sent forward 33 carloads or 33,000 boxes from this part of the country. Yesterday a HERALD reporter interviewed Mr. Locke, the manager for this house here on the subject. He was shown a great number of boxes of very fine raisins. They were from Fresno; Orange and other parts of Los Angeles county; Riverside, and several places in San Diego county, including El Cajon Valley. No Malaga nor Valencia raisins on the market excel these in quality.

True as these statements are of the samples examined Mr Locke says there is a great deal of complaint made about the pack generally. Many of the growers seem to have no knowledge, nor knack about the business, and no pride in their work. Much improvement is made in the style of our best packs, raising the quality and appearance up to the level of the best foreign raisins. These careless packers must beware. When there were no good raisins all the novices and careless raisin makers shared alike Now, the careful, skillful ones have all the advantage. Those who take no pains, and have no pride in the business, will be left far behind in the race for success. A Chicago firm in combination with a San Francisco house is making a great effort to break the market. Messrs. Coleman & Co. are directly interested in thwarting this scheme and with their well organized business and abundant capital they will do it.

Not only our raisins but all our fruit products, beans, barley and nuts, are benefited by the presence of such men in this city. Lima beans are now selling at 2½ cents. Some English walnuts were inspected from Los Nietos, and it would be hard to find their superior anywhere. Bright, large and sound, they are the equal of the best Chile nuts. There is a great future ahead for nut growing in Los Angeles county and in other parts of Southern California. The reporter saw some English walnuts also from Ventura and Santa Barbara which were very fine. These nuts will net $50 an acre and upwards a year, if properly cared for. With a population of 60,000,000, and all the people well to do, as the American citizen is, there is a good market for a great deal of such fruit products as those noted above.

Col. Markham at Home.

Hon. H. H. Markham, Member of Congress from this District, arrived home Saturday night, and spent the day yesterday partly at his office and partly in visiting his business acquaintances. His family is now in Washington, but the Colonel will remain in Los Angeles and Pasadena about ten days and then return to Washington.

The Colonel says he is proud to represent the Sixth District, and if he should have his choice throughout the nation he would rather represent this District than any other in the land.

He also stated that the petitions sent to him from Los Angeles and the statistics which he presented to Congress gathered from the HERALD and other newspapers were the most complete and convincing before the proper committees than from any other section of the country.

He is confident that the additional appropriations for this coast which failed to pass at the last session will pass at the next session. They are in such a state of forwardness before the House that their passage seems assured. He will give his most earnest attention in pressing all of the Pacific Coast appropriation bills to a passage.

The health of the Colonel has been much improved by his vacation among the pine woods of Wisconsin and he returns to his winter's work with increased vigor.

THE GREAT STRIKE.

The Meat Packers Stand Firm.

THE MILITIA ORDERED OUT.

An Address From the Knights and Resolutions by the Owners.

[*Special to the Herald by the Associated Press.*]

CHICAGO, November 8.—Governor Oglesby has ordered out the First and Second regiments of National Guards, to be subject to further orders of the Sheriff, as a consequence of the eight-hour strike of the meat packers.

At 7:30 all was perfectly quiet in the vicinity of the stock yards. The neighborhood is now deserted save for the First and Second regiments, the State militia stationed there, and Sheriff's, deputies and Pinkerton's men, who have been on guard duty since the trouble commenced. The strikers express satisfaction at the arrival of the militia, whose presence they claim to prefer to that of Pinkerton's men. To-night the strikers issued a circular warning men to keep away from the packing houses, and urging upon their members the necessity of "boycotting liquor." They hoped to win their fight.

THE PACKERS' SIDE.

The following is a resolution signed by every packer at the stock yards:

Whereas, it is evident that many men are willing to work, but are prevented by action of labor organizations, and

Whereas, the packers are brought face to face with the fact that their men are absolutely controlled by such organizations,

Therefore, be it resolved that we will not employ any men who is a member of such organizations.

Armour & Co., Anglo American Provision Co., Chicago Packing and Provision Co., John Morrell & Co., Allerton Packing Co., Botsford Packing Co., Hally Bros., Robt. Warren & Co., Jones & Stiles, Moran & Healy, Silberham & Co., L. B. Dond & Co., International Packing Co., G. D. Baldwin & Co., Underwood & Co., Floyd Huffman & Co., W. Butcher,s Sons and John Cudahy.

THE SHERIFF'S SIDE.

The following proclamation was issued this afternoon by Sheriff Hanchett: "Notice to the public:—On and after November 9th, and until further notice, entrance to packingtown will be open for the admission of any men who desire to work, and for all persons who desire to do business with packing houses or in the stock yards. No other persons will be admitted. Ample protection will be furnished for all men who desire to go to work."

THE LABOR SIDE.

Mr. Barry, who is representing Powderly and the Knights of Labor General Executive Board, said to-night that he considered the situation a very serious one, and he looked for a protracted strike. He said the order to strike was regular, and offered the following statement to the public as an official utterance on the subject:

To whom it may concern: In justice to ourselves and the 25,000 men whom we represent, we desire to make a few statements and correct some erroneous impressions. The Committee having the last strike in charge made all efforts consistent with knighthood to compromise the difficulty. The packers were offered the following proposition, which they treated with contempt: First, a technical recognition of the eight-hour day, the employés promising to work over time as much as the packers deemed necessary. Second, a reduction in pay sufficient to balance any loss which might be incidental to such an arrangement. These negotiations failing certain packers assured the committee that if the men would return to the ten hour plan for a few weeks that they, the packers, would withdraw from the packers association and return to the eight-hour system The authorized representatives of the packers have since notified us that no member of the association had a right to take such action. We have positive proof that Mr. P. D. Armour desires no settlement on any basis whatever. He is fighting for another object. The agreement which he requires all men to sign who return to his employ throws light upon his motives. That agreement is as follows:

"I do faithfully promise that I will renounce allegiance to all labor organizations and that I will deposit from my weges the sum of $3 weekly, until the total has reached $100, and that I will not leave this firm except on two wee's notice on my part, under penalty of forfeiting all money so deposited."

We are censured for not putting the houses in order, a precedent which was established at the last strike. At that time Mr. Granville Sawyer, a member of the Executive Board of District Assembly 57, was asked by Mr. Cudahy to clear up his houses. Sawyer raised volunteers among the men and did the work to Cudahy's satisfaction. The next day an injunction was placed on Sawyer, restraining him from entering the yards. That is one and an all sufficient reason for declining to assist the packers in this respect.

No agreement was ever made between the packers and the Executive Board of the Cattle Butchers' Association. The packers offered a schedule based on the ten-hour system and signed it, but the butchers committee rejected the proposition. The order to strike was the work of no one man or any few men. It was in response to the unanimous demand of 25,000 men who were perfectly represented in the deliberations of the committee which issued that order.

Believing that this statement will give the public a better understanding of some complications of the problem, we subscribe respectfully. (Signed) Executive Committee Knights of Labor.

TURBULENT STRIKERS.

They Brutally Assault a Working Man.

CHICAGO, November 8.—At 10 o'clock this morning the First and Second Regiments marched from their armory to Lake Shore station and from there they were at once transported to the stock yards. As the morning progressed the crowds surrounding the entrances to the yards increased. The strikers became more obstinate and the Deputy Sheriffs found greater difficulty in dispersing them. About 9 o'clock the crowd at the yards got more turbulent and the assaults on non-union men became more frequent. One man who was on the way to Fowler's packing house was intercepted while walking over the viaduct which leads to the house. Three or four men picked him up and threw him over on to the ground below, a distance of over thirty feet. He was very badly injured.

Postal Changes.

WASHINGTON, November 8.—Among the postal changes made during the week are the following: San Diego to Campo—Leave San Diego Mondays, Wednesdays and Fridays, at 6 A. M., and arrive at Campo by 6 P. M.; leave Campo Tuesdays, Thursdays and Saturdays, at 6 A. M., and arrive at San Diego by 6 P. M. The mail messenger service is discontinued between the Southern Pacific railroad and Weed, San Diego county.

The Sunday Law.

MILWAUKEE, November 8.—An uproar exists at La Crosse, this State, on account of the enforcement of the Sunday laws. Not only have the saloons been compelled to close, but the telegraph and telephone companies were required to suspend operations. Milk and baker's wagons were stopped, mill repairs necessary to permit saws to move on Monday are not allowed. Even paid choir singers in churches must stand the risk of prosecution.

Sentenced.

PITTSBURG, November 8.—Samuel Gay, defaulting chief pension clerk, who pleaded guilty to twelve indictments for embezzlement and forgery, was sentenced by the United States Court to-day to five years imprisonment in the penitentiary. He was only sentenced on one count, the others being held over. The defalcation amounted to about $10,000.

Carlisle to Leave Kentucky.

CINCINNATI, November 8.—The Times-Star this afternoon, says that Speaker Carlisle who is now with Mrs. Carlisle visiting their sons in Wichita, Kansas, will, after the end of this term in Congress, to which he has just been elected, remove from Kentucky altogether and will probably make his home at Wichita.

THE DIAMOND.

Sunday's Game Between Louisville and Los Angeles.

The game of baseball between the Louisville and Los Angeles teams at the Sixth street grounds, Sunday, was not only the best ever played in Southern California, but one that was fully equal in points of excellence to any ever played in the State. The defeat of Saturday served to spur the home team to their very best efforts, and the preliminary arrangements in the matter of "positioning" the players made it evident from the start that they intended to play ball for all they were worth.

Raymond, the best all round pitcher in the West (admitted to be so by every baseballist who has ever visited Los Angeles and seen his work), was placed in the box and backed up by "the old man," Monroe. George went to right and Walbridge to left field. The other players were disposed of to the very best possible advantage and the visitors were very quickly made to recognize the fact that they had no such picnic as that of Saturday. The Louisvilles played their usual errorless game, with the exception of the inexcusable juggling of their center fielder, (a man named Bradley, whom they picked up here to fill the place of a sick member of the club.) The truth is that his awkward fumbling was the cause of the scoring of both the runs of the home club.

Too much cannot be said in praise of the excellence of Cook's catching. It is simply perfect in every respect. His throws to the bases are simply phenomenal in speed and accuracy, and it is a cold day for a runner who undertakes to steal second on him. There is such a remarkable difference between this point in Cook's work and that of the catchers who have heretofore played on these grounds that he was the object of the general observation throughout the game. He is many points a better catcher than Mike DePangher, and that is saying a great deal.

The members of the home club have much to be proud of. They have made as good a showing in their meetings with the eastern professionals as the best clubs east of the Missouri River have and in that fact alone lies great credit for them.

Dave Foutz, the great curve pitcher of the St. Louis Brown's, champions of the world, arrived here yesterday, and will pitch for the Louisvilles in to morrows' game. Additional seats and accommodations have been provided for the large crowd expected to attend.

The score of Sundays game, by innings is as follows:

SCORE BY INNINGS.

	1	2	3	4	5	6	7	8	9	
Louisville	1	0	2	0	0	0	1	0	0	—4
Los Angeles	0	0	0	0	0	2	0	0	0	—2

The Ward family must certainly be a high foreheaded set. In Lassen county, which Bartlett, Democratic candidate for Governor, carried by fifteen majority, F. G. Ward, Republican, was elected County Clerk by 420 majority. Mr. Ward is a brother of our genial deputy clerk, T. H. Ward.

The mares ran away but were afterwards captured.

U. W., which is a great help to her, as she is left in very limited circumstances.

An Escaped Prisoner Caught.

John Brown, a chain-gang prisoner, escaped from the front of the city jail on Saturday morning, whilst the gang was going to work. At noon on the same day he came to the Los Feliz ranch where the chain-gang was at work, with a bottle of whisky, which he gave to them. Officer Reel pursued him, and, notwithstanding strong resistance, held him down and put him right back in the chain-gang, with jewelry around his leg to insure his stay. He was charged yesterday with escaping from the custody of the police and resisting an officer.

HER SUGAR INDUSTRY FAILING.

Prince Ferdinand to be the New King of Roumania—Mayor's Show.

[*Special to the Herald by the Associated Press.*]

PANAMA, Oct. 31.—Advices from Jamaica say: The decay of this colony, which was once called the "brightest jewel" in the British crown, may be gathered from the following figures, which show how the great staple of the country, "sugar," has declined in cultivation during the periods named: The number of estates were, in 1832, 653; 1847, 513; 216 in 1879, and 189 in 1884. In reference to this decline and the general depression prevailing the Legislative Council passed a resolution asking that the island be permitted to make arrangements with the United States or Canada, on a basis of reciprocity, in order that the sugar products now so seriously affected by the bounty system in the English market may find a favorable outlet nearer home.

Served Him Right.

A vile brute, named John A. Spooner, who has been guilty of indecently exposing himself before persons of the other sex, at Santa Barbara, was sentenced to six months imprisonment and to pay a fine of $150 by a levelheaded Justice of the Peace. He sued out a writ of habeas corpus in the Supreme Court, who made the writ returnable before Judge Brunson of this county. The Judge yesterday heard the petition which was based upon the ground that the punishment was excessive. Judge Brunson held that the fine should not have been imposed and remitted it, but remanded the prisoner to the Santa Barbara jail to complete his term of six months.

A Notable Sale of Real Estate.

McCoy & Cushman, agents for the Longstreet place, report the sale of the beautiful home place, consisting of about 7½ acres of ground, together with the mansion and 56 large lots, to a syndicate from San Francisco. The price is private, but it is understood that it reaches a large sum.

A magnificent hotel is to be at once erected on the home place, using the present mansion as a nucleus.

The price of the fifty-six lots has been raised, and the syndicate have retained Messrs. McCoy & Cushman as agents.

We congratulate the syndicate on the possession of this magnificent property and welcome them to our beautiful city, where they have already several hundred thousand invested.

In selecting McCoy & Cushman to handle the unsold lots, they have showed wisdom, and although the time given them to close out the balance is only fifteen days, we think that enterprising firm can do it. They have probably sold more property this year than any firm in the city, their sales reaching into the hundreds of thousands.

The Council yesterday adjusted a franchise for a cable road on Grant avenue, directly past the Longstreet place, and as it is asked for by a wealthy syndicate it will be pushed to completion within three months. (adv)

Government Bonds and Railway Shares.

NEW YORK, November 8.—Government bonds dull and heavy.

The news affecting the stock market today was small in volume, but reports of trouble with strikers in the West finally overcame the strong undertone which has been the feature of the market for some days past, The feeling early this morning was very hopeful, and some slight advances were make after a firm to strong opening but the bears made most of the unfavorable advices, and by persistent hammering closed most of the active list at net losses for the day. In the afternoon Union Pacific, New England and St. Paul were conspicuous weak spots although the latter had made a handsome advance in the morning market, and manifested some feverishness, but towards the close became dull and comparatively steady. The opening was firm at advances over Saturday's closing figures, ranging from one-eighth to three eighths per cent. The strength, however, soon disappeared, except in Jersey Central and the market finally became dull, early gains being generally wiped out. In the last hour there was some slight improvement ahd the market closed steady.

Cure for Piles.

And who e'er his wondrous frame doth scan, ponder and devise to cure an ill, whether by device, fruit or pill, an equal benefactor is he; and we haste, the inventor of a Cathartic of delicious taste, to do him honor. Who remembers not how the distressed mother, her child's entreaties tries to smother, that she insist not the horrid dose be taken, the remembrance e'en now does nausea awaken, and fond father, to be witness of his child's torture, would rather pay high price, if money could purchase Cathartic nice. We have it now! And great De Prati's name, appears upon the scroll of Esculapian fame, for after long study what would suit, has hit upon *delicious fruit* to cure our ills. Away at once with draughts and pills; for whether it be indigestion, liver complaint or constipation, or any disease to which flesh is heir, be here with pride does boldly declare, and on the assertion will wager big, that it can be cured by a

TESTIMONIALS.

LOS ANGELES, Cal , May 28, 1886.

This is to certify that I came to Dr. Dawson on the third day of this month, being afflicted with Indigestion, Headache and General Debility. To-day I can eat a good square meal; headache all gone, and feel strong in body, and do say that Dr. Dawson's treatment is a success, for I feel ten years younger from the effect of the treatment.

JAMES JANES.

TO WHOM IT MAY CONCERN:—This is to say that I came to Dr. Dawson experiencing all the distressing effects of a debilitated nervous system, and since receiving the Doctor's treatment I can say that I feel like another man. The Doctor treats by Electro-Magnetism, or by a new system of Massage, which sends the current at once to the afflicted part, and the result is truly miraculous. The Doctor is a gentleman and deserves your patronage. W. J. DEEMS.

DR. DAWSON: *Dear Sir:*—I feel so grateful to you for curing my cough. I am quite free from pain which I had in my chest, shoulders and back, and am now gaining in flesh very fast. I had two brothers and one sister to die with consumption, and was sure that I was taken with the dreaded disease; but, thanks to your successful treatment, I feel a new woman.

MRS. E. PATTERSON.

LOS ANGELES, Cal., April 1, 1886.

D. W. DAWSON: *Dear Sir:*—I am happy to inform you that I am entirely relieved of rheumatism, thanks to your valuable Magnetic treatment. I have been previously troubled with the dreaded disease; have been laid up for a month at a time; by the aid of crutches I managed to get to your office, and after three treatments I feel entirely relieved, for which I am thankful to you and your wonderful treatment.

The Sixth Congressional District.

Nothing in the current politics of the State is causing half so much figuring as the vote for Congressman in the Sixth District. The majority is usually a very close one. Markham was elected by only 409, and no stone was left unturned to defeat Del Valle. Pacheco got in by 191. On another occasion the same candidate claimed election by a plurality of one vote, but Wigginton was seated on a contest. In the present case the close rule is evidently to be followed. Two years ago the total vote was 35,444. This year it shouldbe 10,000 more. The following table from the *Examiner* of last Sunday is the nearest complete yet received:

Counties.	*Vandever.*	*Lynch.*
San Benito		
Monterey	892	788
San Luis Obispo	830	874
Santa Barbara	1,064	1,012
Ventura	256	183
Kern	527	795
Tulare	1,630	1,934
Fresno	861	1,164
Alpine	58	26
Mono	247	155
Inyo	289	184
San Bernardino	1,134	1,085
Los Angeles	5,520	5,259
San Diego	1,384	1,018
Total	14,692	14,467

It will be seen that the vote is very far short of a complete count, even in the above.

Yet on such partial and often inaccurate figures newspapers are busy forecasting results, with no knowledge of the district, and no other information on which to base opinions. An example of this useless attempt to enlighten the public was sent by the Associated Press to an evening contemporary yesterday. On this Inyo gets credit for 105 plurality for the Republican candidate. Mono gets set down for 246 plurality, which is about all the votes that county cast for that candidate. In San Benito the Democratic candidate is allowed 170, and in San Bernardino his rival gets 177. These are selected as samples of this useless and misleading information. Even our own county is given to the Republican candidate by about twenty-five more votes than he will get here.

For some days past we have given HERALD readers the benefit of private advices from nearly all the counties in the District. So far they have been vastly nearer the truth than any others published here. There will be found in our telegraphic columns to-day another very interesting batch of dispatches to the same purport.

From these private sources of information, it seems that Gen. Vandever carries San Bernardino county by 29, Ventura by 247, Santa Barbara by 60, San Luis Obispo by 40, Mono by 150, and Alpine by 32. These figures are all official or semi-official. By these same sources of information the Republican candidate gets San Diego by less than 250; in Los Angeles he will not get more than the same figure, 250; Monterey is given to him at 80 and Inyo at 30. The total is 1135. Relying on the same information, Mr. Lynch gets San Benito by 203, Kern by 268, Tulare by 364. All these are complete and accurate figures. His majority in Fresno is estimated by our correspondent at 500. Here is a majority of 1335. Here is a Democratic plurality of 200. That will be just about the majority when all the votes are officially counted.

In San Diego last Saturday night Mr. Lynch's election was celebrated with a great torch-light procession.

Referring back to the *Examiner's* table and correcting the same by the San Benito plurality, and the correction from San Bernardino, it will appear that reducing the majority above of 225 by San Benito 203, and San Bernardino 20 corrections, there is only a difference of two votes. Fresno will count twice as fast for Lynch in the completion of that table as all other counties can count against him. There are no rational figures that will put him behind, nor will the count.

TELEGRAPHIC dispatches mention an appeal for the legal transfer of a case to the new U. S. District Court of Southern California. That court will have plenty of business when it has once been set in motion.

Side-Shows in Politics.

There has been but an inch between the Democratic party and death this year in California. The reason for this is the side-show business so adroitly worked by the Republican party manipulators. In New York Henry George managed to lead out after him to a political wilderness of nothingness, nearly three score and ten thousand votes. There is food for thought in this.

No better canon of action can be found than in facing the inevitable, and knowing the worst that can befall. It is not possible that the Republicans will fail to learn the lesson that lies in these facts. The side-show business is their own device. They set it up to beat Bartlett and failed. They set it up on a small scale here and there to elect a member of the legislature, and on some cases it has worked like a charm. It will be preserved and nursed to as vigorous a life as there is in it.

Look for it in 1888 in every close Democratic State, county and precinct. Henry George many not be drawn into such a scheme in New York, but some utter demogogue will be. If San Francisco should be so fortunate as to lose her malodorous coroner, she will not be lucky enough not to a have a fellow for him on some of her sand lots and Tar Flats.

Under some name or guise, look for the side-show. Nor will it be set only to catch in a pitfall the intellectually blind of the lowest orders of the people. Like a limed and flower concealed political gin, it will be set up to delude the diletanti politicians of culture and high tone. To the poor will be preached a doctrine of streets to be paved with ten-cent loaves, and houses thatched with flapjacks. To the diletanti will be held out the hope of a high political heaven where the foreign laborer and the greasy mechanic cannot enter. Such devices will take. The former will draw its ten thousands like the San Francisco fraud, and its scores of thousands like the New York dreamer. The latter may count its slain by hundreds, but it will have its political graveyard small as it may be.

The country was never so evenly divided as it is now. The two great parties run neck and neck in many States. The chipping off of small blocks here and there may turn the scale. The side-show ticket is the little hammer which does the chipping. This is the danger that must be met. The sooner we get ready for this thing the better. It will be out in force, and if not counteracted or offset, it may bring defeat.

Prosperity Ahead.

The indications all point to a continuence of prosperity in store for this most favored region of the earth. It is a pleasure to turn from the turmoil of political strife to contemplate the harmonious action of all good citizens in the material development of the country. Among the signs of the coming good days in Los Angeles is the utter lack of a comfortable dwelling house or a desirable store to let. Any sort of a house is very scarce and any sort of a place for business is all but impossible to find.

With matters in this position building must go on. At the moment there is a good deal of activity in this direction and there will be no let up in it.

In the matter of new buildings for business purposes, may be noted the new Fort street bank on the corner of Second and Fort. Work has been begun on the building, and when finished it will be one of the handsomest in the city.

Another token of progress is to be found in the Grand avenue cable road to extend from Temple street to Jefferson. The City Council granted a franchise for it yesterday and work will begin at any early day.

The market for our products is excellent and prices are likely to prove very staple. The vintage which has just been finished will bring good prices and this will encourage many to plant more vines. It will also draw capital here to erect and equip wineries to crush the grapes.

The raisin crop is large and will command a good price. One large dealer has forwarded to the East within ten days thirty-three carloads, or upwards of 33,000 boxes of this fruit. California raisins are of the finest quality and they are rapidly gaining control of the Eastern markets, beating out the foreign grown fruits.

English Walnuts are another of our products for which the demand is good. Properly handled, the quality is good, and they sell quite up to the level of foreign nuts. Our English Walnuts are worth eleven and twelve cents in the Eastern markets. They sold here for six to eight cents. There are many other varieties of nuts which do well here, the crop of which will be greatly increased in the future.

The price of Lima beans is rising, and they are worth two and a half cents.

With a certainty of building going steadily on, with development going on in all lines, with a steady growth in population and wealth, there is no reason for any feeling but confidence on the part of Angeleños.

Party Discipline.

The election is over and the result determined, even in the cases where the count has not yet revealed what the result is. One fact, however, is too plain for any hesitancy. The Democratic party has won a great victory, because it has won in spite of bitter opposition within itself. Had the party been thoroughly united and loyal the results would have been a great deal more satisfactory. The 10,000 votes cast for the felon who was at the head of one of the tickets came mostly from our ranks. What led men to give their suffrages to the man is a mystery in politics. Then the votes cast for the American ticket were very largely ours on a strict party count—mystery number two.

But this is not all. In San Francisco, Mr. McCoppin, the Democratic candidate for Congress in the Fourth District, by such another artifice of the enemy, was defeated. Sumner, and not the Republicans, did us out of a member of the United States Congress. There are others in the party hardly less to blame for lack of entire fealty.

Now the question is how to deal with the traitors. If men can go before our conventions, canvass for a nomination, and because they are defeated in a fair fight by fair means, they are to go out, set up a rival candidacy, go into a a hostile camp and give aid and comfort to the enemy; yet in spite of these acts of disloyalty, if these men can speak for part of the ticket in other parts of the State, and that under the authority of the State Central Committee; if at the end of the campaign these men whose treason has wrought defeat can go into retirement at some political Jericho until they grow a Democratic beard again, and in the next campaign get into our convention and play the same role, it is needless to say the party had better retire from active business and go at once into political bankruptcy.

Let every man who has played the part of a traitor be politically executed. Get him out of the party where he will be harmless to work treason again.

A party without discipline is like any other body—very likely to go to the dogs.

Still in Doubt.

ONE week has passed since election day and still there is no absolute certainty as to the result on the greater part of the State ticket. The election of Mr. Bartlett, as Governor, seems entirely certain. There is some doubt as to the success of Mr. Tarpey as Lieutenant-Governor. He fell behind his ticket in San Francisco. Mr. Hendricks, as Secretary of State, is certainly elected. He will get, perhaps, the largest plurality on the ticket. Mr. Dunn, Democratic candidate for Controller, is certainly elected. There was a great effort made to defeat Dunn, and his election will be hailed with great satisfaction. Herold is most certainly the choice of the people. He beat Neff nearly 6000 in San Francisco. The vote between Johnson and Hart for Attorney-General is very close, but Johnson ran ahead of his ticket outside of San Francisco and may be elected. For Railroad Commissioners, Foote and Filcher seem hopelessly gone, but White will represent the Democracy on the Board. For Supreme Judges, Hamilton is surely beaten. Temple is as surely elected. He polled the largest vote of any State candidate in the city of San Francisco, running 6000 ahead of the ticket. Judge Sullivan also seems to have got in, as he is 1000 ahead of Patterson and 2000 ahead of McFarland in San Francisco, but it will be a close race between the two just named and Byron Waters. Southern California will have no representative on the bench if Waters is lost to us.

An Obstacle to Physical Well-Being.

Physicians rightly characterize constipation as an obstinate impediment to the welfare of the body. The performance of the more important functions, such as digestion, biliary secretion and an active circulation of the blood, are interrupted by it in a greater or less degree, as the development of the complaint is incipient or mature. Not at once, of course, but with reasonable promptitude, Hostetter's Stomach Bitters will remove every symptom to which it gives rise, as well as the minor maladies that spring from it, among them indigestion and chronic billiousness. From drenching cathartics it is vain to hope for permanent benefit, and there are few purgatives that are not violent and profuse in their operation. Blue pills and calomel are designed to act upon the liver only, and taken frequently are pernicious to health. The Bitters produces relaxation of the bowels without pain, and a renewal of their regularity. It also conquers fever and ague, rheumatism, neuralgia and inactivity of the kidneys.

BROAD-GAUGE THEOLOGY.

The People's Church of Pasadena.

The Star this week has the following notice of the broad-gauge church at that place: "Rev. E. L. Briggs, of the People's church in Pasadena, will conduct the services of the newly-formed Universalist parish next Sunday, at 3 o'clock in the afternoon, at the Methodist church. The trustees of this society have just purchased this building of the Methodists, and will hereafter occupy it in the afternoons of each Sunday at 3 o'clock until further notice. The former owners expect to remove to their new quarters early in December, after which the regular services of the parish will be at 11 o'clock in the morning and 7:30 in the evening, in the house of worship as above. A Sunday School will be organized to meet at 10 A. M., and a social conference and prayer meeting to meet Wednesday evenings. The pastor authorizes the following declaration:

Our platform is character, and not creed. Our motto is, faith in God and Christ and all goodness, eternal hope and unlimited charity. We therefore earnestly invite the sympathy, co-operation and personal aid of persons of all shades of christian thought and belief in helping to restore humanity from wrong to the pathway of right, thus receiving the wayward from the consequent evils, and punishments of transgression, and bring them home again to their Father's house. And we would also say to that class of humanity commonly called "the great outside world," by all means come into our meeting; none shall be more welcome within our circle of worshippers than you. And we still have nothing other to tell you than, "Behold I bring you good tidings of great joy, which shall be to all people." And it is our fixed and only purpose, and shall be our highest and constant endeavor to make our society as its name imports, "The People's Church."

The Raymond Open.

The Pasadena Star says: The Raymond hotel was opened to the public last Sunday and the volume of smoke that went up from the great chimney gave a business air to the situation. Saturday evening the immense structure was lighted and it presented a beautiful spectacle—the crown of the hill a glow of light. The formal opening, which is to be a grand affair, will take place November 17th.

G. M. D.

Walking down Broadway is very pleasant when you feel well, and T—— K—— never felt better than when his friend asked him how he got over that severe cough of his so speedily. "Ah, my boy, said T——, "G. M. D. did it." And his friend wondered what G. M. D. meant. He knew it did not mean a Good Many Doctors, for T—— K—— had tried a dozen in vain. "I have it," said he, just hitting the nail on the head, "you mean Dr. Pierce's 'Golden Medical Discovery,' or Gold Medal Deserved as my friend J—— S—— always dubs it." Sold by druggists.

We accidentally overheard the following dialogue on the street yesterday:

Jones—Smith, why don't you stop that disgusting hawking and spitting?

Smith—How can I? You know I am a martyr to catarrh.

J.—Do as I did. I had the disease in its worst form but I am well now.

S.—What did you do for it?

J.—I used Sage's Catarrh Remedy. It cured me and it will cure you.

S.—I've heard of it, and by Jove I'll try it.

J.—Do so. You'll find it at all the drug stores in town.

ON ASTHMA.

It is a common error to suppose every disease which is attended by oppressed breathing to be Asthma or Phthisic. We have shortness of breath in Consumption, Bronchitis and Pneumonia, just as we do in Asthma, only that in these diseases it is always present, whereas in Asthma it occurs in paroxysms.

Asthma is a spasmodic disease of the lungs, which manifests itself in periodic attacks or "fits" It comes on suddenly and is attended with great difficulty of breathing while it lasts, but when the attack is over the patient breaths almost as well as in health.

The Asthmatic fit may come on at any time, day or night, but most commonly occurs after midnight and before morning. The patient is suddenly awakened by a difficulty of breathing, a feeling of weight or constriction of the chest. It feels as though it were bound. He sits up in bed, pants or gasps for breath, and in bad cases, calls for the doors and windows to be thrown open. Perspiration stands out in large drops on the forehead, the face looks haggard, the lips are livid, the extremities cold, and the heart beating violently.

Persons badly afflicted with the disease are, during the fit, insensible to everything save the desire for air. I have known them to rush to the open window and hang over the sill for hours in mid-winter, utterly regardless of the cold. The feeling is precisely that of pending suffocation, and the poor sufferer endures for a time all the agony of drowning or slow strangulation.

But happily for the patient his confidence never deserts him. He feels that it will soon be over, and then he will get relief. After a longer or a shorter period, according to the severity of the case—generally a few hours—the tightness at the bottom of the chest relaxes, the breathing becomes deeper, the patient can speak and cough without difficulty, and begins to expectorate freely. At length, worn out by the intensity of his sufferings, he falls to sleep and the attack is at an end.

Nervous, Humid and Dry Asthma are names given to different forms of this disease. Emphysema is another and more inveterate kind of Asthma, while Hay Fever or Rose Cold is a peculiar variety of Asthma which occurs at a certain season of the year. Each of these forms of disease differs somewhat from the others in symptoms, but practically these distinctions are of very little value. It does not matter to the patient which form of Asthma he has since his sufferings are the same in all. In one case the expectoration becomes yellow, and we call it bronchial. In another it is light and we call it dry. When he coughs up clear water, with a white froth on the surface, we say he has Humoral Asthma. In Nervous Asthma there is very little expectoration of any kind. Hay Fever always begins as a crying cold in the head or influenza, and a clear water runs from the nose and the eyes before the Asthma fit comes on. In Emphysema the expectoration is generally thick, and continues so in the interval between the fits, while the shortness of breath is increased on the slightest exertion.

There is no rule which can be said to be uniform in Asthma. In one person the disease will entirely pass off after a single attack, and remain well for weeks. In another there will be several fits in succession, with only short intervals between them, and then the patient escapes for a longer period. In some fits occur regularly at stated times. Some athmatics breathe best in the city, while others cannot pass a night in town without suffering an attack. One prefers a low land as a place of residence, and another can only sleep on high ground. A particular exposure of a room will often make a difference, and I have known people who could sleep on one side of the street and not on the opposite. The smell of hay, roses, and even of the stable, with many is sufficient to bring on a paroxysm. Some cannot drive behind horses, or endure a cat in the same room.

All this must seem strange and almost absurd to those who know nothing of the disease by experience, but those who are afflicted with it understand the matter. So sensitive are some people that they cannot enter a drug store where ipecacuanha is kept without experiencing an oppression in breathing.

Asthma depends more on atmospheric causes than other lung diseases. The mucus membrane is morbidly sensitive to any change in the air, in the excess or deficiency of its zone—in the presence of smoke or dust; on the temperature, humidity, or even impregnance with the delicate fragrance of flowers and plants. Few people have any idea of the powerful influence exerted for good or ill by what we inhale. The air is the great source from whence we contract most diseases and it is only by employing it as the carrier of remedies that many of them can be cured. This is peculiarly the case with all diseases of the air passages and lungs, of none more so than asthma.

It is a foolish conceit of many people to believe that if they have Asthma they cannot get Consumption. The truth is the very opposite. They are more liable to fall into Consumption because they have Asthma. Another idea is, that Asthma itself is not a dangerous disease, and yet the published bills of mortality for this city prove to all who read them that great numbers lose their lives every year.

Without courage and perseverence nothing is curable. But with these, aided by proper and skilful treatment, Asthma can be cured even after the lungs are extensively diseased.

The asthmatic sufferer, therefore, should lose no time in having this tearible disease eradicated from the system before it is forever "too late."

Our Eastern friends should not depend upon climatic influences alone, for herein lies the fatal mistake. Nearly every case requires positive medical aid, so as to become rid of the offending matter—the consolidated portions of the lungs—so as to give nature an opportunity to heal them.

A Safeguard.

The fatal rapidity with which slight **Colds** and **Coughs** frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other anodyne expectorant so good as AYER'S CHERRY PECTORAL. It is invaluable for diseases of the throat and lungs."

The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago, Ill., who says:—

"I have never found, in thirty-five years of continuous study and practice of medicine, any preparation of so great value as AYER'S CHERRY PECTORAL, for treatment of diseases of the throat and lungs. It not only breaks up colds and cures severe coughs, but is more effective than anything else in relieving even the most serious **bronchial** and **pulmonary** affections."

AYER'S Cherry Pectoral

Is not a new claimant for popular confidence, but a medicine which is to-day saving the lives of the third generation who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been abandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well by it.

AYER'S CHERRY PECTORAL has, in numberless instances, cured obstinate cases of chronic **Bronchitis, Laryngitis,** and even acute **Pneumonia,** and has saved many patients in the earlier stages of **Pulmonary Consumption.** It is a medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of **Croup** and **Whooping Cough.**

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.

The Testimony of a Physician.

James Beecher, M. D., of Sigourney, Iowa, Says: "For several years I have been using a cough Balsam, called DR. WM. HALL'S BALSAM FOR THE LUNGS, and in almost every case throughout my practice I have had entire success. I have used and prescribed hundreds of bottles since the days of my army practice (1863), when I was surgeon of Hospital No. 7, Louisville, Ky."

A Chicago woman got a divorce from her worser half last week, stating among other things that he had once hit her in the eye with a biscuit. If it was the ordinary young house-keeper biscuit of commerce the wonder is that the unfortunate woman lived to get a divorce.—Rambler.

What the People Say.

In purchasing real estate the people look to locality, to purity of water, to freedom from malaria and to the line of the city's improvements. They want no lots confined between hills or down in ravines. They ask for a good view, for fair elevation and for bright and cheerful surroundings. All these very necessary requisites are found in the Howes Tract, and the very reverse of them are seen in the $600 and $800 lots which inexperienced parties place on the market. The demand is now for the $190 lots of the Homes Tract, and it is useless to stem the tide. The fact that the Southern California Land Company (Baker Block) commences to-day building the handsome houses promised in the prospectus settles the question.

Three Hundred Per Cent. Profit.

A gentleman who bought twenty Pico Height's lots of the Electric Railway Homestead Association "on speculation," sold three of them to-day at a profit of 300 per cent. on the money already invested. That is the kind of property our Association offer in the "South Side" Tract lots. They will do equally as well by the purchasers.

Read! Read! Read!

Come and see the books of the Howes Tract and read the names of our oldest citizens. How completely the success of this splendid property gives the verdict of the public in regard to the high priced lots that are held by novices, who think that all they have to do to insure sales is to get out maps and puff up their unpopular wares.

Dont Invest Your Money

THE REGISTRATION QUESTION.

Opinion of Judge Brunson on Application for Mandamus.

A few days before the election Mr. J. Vogel made application before County Clerk C. H. Dunsmoor to be registered as a voter and his application was denied. Vogel claimed that one J. Comocy, said to be a deputy assessor in the office of Refugio Bilderrain, County Assessor, had taken his name and other necessary legal requirements as a voter for the purpose of being registered. Clerk Dunsmoor decided that Comocy had never had his notification of appointment as deputy assessor filed by Mr. Bilderrain, as required by law, and refused to register him. Vogel sued out a writ of mandamus before Judge Brunson to compel the County Clerk to place his name on the Great Register, and the following is the

OPINION OF JUDGE BRUNSON,

This is an application upon notice for a peremptory writ of mandate to compel the defendant, as County Clerk, to enter upon the Great Register the enrollment of petitioner as made and returned by the assessor of the county. The question for present determination arises upon a demurrer to the answer, and involves a construction of section 1097 of the Political Code, and especially of subdivision 2 of that section.

The detailed provision for the registration of voters is found in that code from sections 1094 to 1117 inclusive

It is there provided that a Great Register is to be kept in the office of the County Clerk. In that register he must enter the names of the qualified electors of the county. Such entry must show first—The name at length. Second—The age, omitting fraction of years. Third—The country of the nativity. Fourth—Place of residence (giving Ward or precinct). If naturalized the time and place of naturalization. Sixth—The date of the entry of such person, and each name must be numbered in the order of its entry.

No person but the Clerk is authorized to enter any name upon the Great Register. It is, however, provided that the Assessor of each county must keep a roll of electors on which, and upon like proof as is required for the Clerk, he must enroll the names of any elector of the county making application to him for that purpose. Such enrollments show the same facts as are required to be shown by the entry upon the Great Register, and which I have already enumerated. At the end of every month the Assessor must return to the County Clerk a certified copy of all entries made upon his roll of electors during such months, and all affidavits made for the purpose of procuring such enrollment, whereupon the Clerk must, at once, enter upon the Register the names contained, and the statements made in such return, and must file and preserve the affidavits returned to him by the Assessor.

The Clerk is forbidden to enter any name upon the Great Register unless: 1. Upon a certificate of registration in another county, showing that such registration has been cancelled, and upon proof by the affidavit of the party that he is an elector of the county in which he seeks to be registered 2. Upon the return of the Assessor of the county. 3. If a naturalized citizen, upon the production of his certificate of naturalization, etc. 4. If born in a foreign country, upon his affidavit showing that by the naturalization of his father while he was a minor, he became a citizen. 5. Upon the judgment of a Superior Court directing such entry to be made. 6. In other cases upon the affidavit of the party that he is or would be an elector of the county at the next succeeding election.

One of the six above enumerated conditions must exist before the Clerk is authorized to enter the names of any person upon the Great Register, and then subdivision 7 of the same section (1097) furnishes a universal rule for the government of the Clerk acting under either of the foregoing subdivisions, and as follows:

"In every case the affidavit of the party must show all the facts required to be stated in the entry upon the Registry except the date and the number of the entry."

This subdivision, in my opinion, acts as a limitation upon each and every of the preceding subdivisions of the section, and is a condition precedent to the entry of any name upon the Register. If the Assessor returns a copy of the entries upon his roll without the required affidavits upon which the enrollment was actualy made accompanying the same, then and in that case it is not only not the duty of the Clerk to enter the names and statements therein contained, but to do so would be a direct violation of the law. The return of the Assessor at the end of each month, of a certified copy of all entries made upon his roll of electors during such month, and all affidavits made for the purpose of procuring such enrollment, are conditions precedent to any action by the Clerk under subdivision 2 of section 1097, already quoted. A return of the affidavits without the roll, or a return of the roll without the affidavits would be insufficient to authorize the Clerk to make any entries therefrom in the Great Register. As connected with any enrollment by the Assessor, the Clerk has no duty to perform until the former makes his return as required by law, and then it becomes his duty to examine affidavits returned with the enrollment, and, in each case, see whether or not they conform to subdivision 7, of section 1097, and if they do not, he must not make the entry.

Whether he is called upon to act upon any return of the Assessor, made at a time other than that designated by the statute, that is: "At the end of every month," I am not now called upon to decide. That the Assessor is not legally compellable to make any returns of his enrollment, excepting at the end of each month, admits of no controversy, and it may be a very serious question whether the duty of the Clerk to act becomes fixed upon the returns by the Assessor, made at his own caprice, or at a time other than that designated by the law; or in other words, whether the duty of the Clerk to make entries upon the Great Register, based upon the returns of the Assessor, attaches until such time as the returns by the Assessor becomes a duty under the law. Can the Clerk be mandamused to act upon a return of the Assessor made on any day of the month, or on as many different days as there are days in the month, or upon any return other than that made at the time and in the manner designated in the statute? If he cannot be compelled as a duty, to made the entries until after the returns by the Assessor at the end of the month, has he any legal right to make them upon returns made during the month from the enrollments made by the Assessor during the same months? If he has not, is the registration legal and is the party whose name is thus enrolled a legal voter, or can the vote be polled upon an election contest? I do not undertake to answer these questions, but the contingency may arise when some Court of competent jurisdiction will have them to answer. I do, however, give it as my unqualified opinion and decision, that the duty of transferring the Assessor's enrollment to the Great Register does not attach to the Clerk until after the Assessor has returned a certified copy of this enrollment and the affidavits as required by law.

In this case petitioner alleges that with the enrollment the Assessor did return the affidavit which he made at the time his name was taken.

The answer says it is true there was a paper purporting to be an affidavit, subscribed by the petitioner, so returned, but that the same was not and is not an affidavit, for the reason that the person before whom the same purports to have been verified, was not, at the time of the purported verification an Assessor or Deputy Assessor or other person authorized by law to administer an oath. The official title of the party before whom the oath purports to have been taken, is that of Deputy Assessor. The oath was seemingly administered by this Deputy Assessor, on the 25th day of October, 1886, and the answer alleges that at that time there was no appointment in writing of any such Deputy made by the Assessor, on file in the office of the County Clerk, nor was there any official oath of any such Deputy then on file in his office. The demurrer interposed by the petitioner admits these facts, as stated in the answer.

An Assessor may have as many deputies as are necessary, and whatever the Assessor, as such, can do himself, he can do by a deputy. Was Jerry Comocy a Deputy Assessor, duly appointed and authorized to act as such, at the time he assumed to administer this oath?

Section 61, of the County Government Bill, is as follows; "Every county, township or district officer, except a Supervisor or judicial officer, may appoint as many deputies as may be necessary for the prompt and faithful discharge of the duties of his office. Such appointment must be made in writing and filed in the office of the County Clerk; and until such appointment is so made and filed, and until such deputy shall have taken the oath of office, no one shall be or act as such deputy."

It being true that his written appointment was not at that time filed in the office of the County Clerk, the statute says he shall not be a deputy, nor shall he act as such. Not being a deputy de jure he cannot be one de facto. That his oath of office was not on file at the time might not be material, providing his appointment was, and he had, as a matter of fact, taken the necessary oath of office; but if he had taken that oath, as I presume that he had, because it is not denied, still, it being admitted that his appointment as deputy was not filed as required by law when he assumed to act; he was not a deputy at that time, nor could he act as such; nor, having assumed to act, can any faith or credit be given to such act. The act of administering an oath, without the legal authority to do so, leaves the matter as though no oath had been administered. The purported affidavit is, in law, no affidavit. The prerequisite showing, to entitle petitioner to registration, has never been made. Under such a state of facts the law says the Clerk must not enter the name upon the Great Register.

In my opinion, it matters not how the Clerk obtains a knowledge of the fact of a want of the necessary, legal, required affidavit; having that knowledge, it is his duty to act by the light of it. If the Board of Supervisors allows a claim known to the Auditor to be illegal, fraudulent and void, it is his duty to refuse to draw his warrant for its payment. If the Treasurer has the same knowledge, no matter how or when or where obtained, it is his duty to refuse payment, even should the Auditor's warrant, in regular form, be presented at his counter. It is the duty of every officer, having knowledge of the facts, to refuse to violate the law, or to be made an instrument in the hands of others of so doing. I have no thought that any of the actors in this entire proceeding were impelled by any corrupt motives, and I am well satisfied that this action has been commenced to the end that the Supreme Court of the State may finally determine the questions here involved.

I am of the opinion that the answer states a full, legal and complete defense to the application, and that the demurrer should be overruled, and it is so ordered.

The Official Canvass.

The Board of Supervisors yesterday commenced the official canvass of the votes of Los Angeles city and county. Twenty-one precincts were canvassed, embracing 2500 votes.

The official count does not vary much from the figures published in the HERALD on Sunday. Mr. Lynch for Congress, gains seven votes, Mr. Bilderrain for Assessor gains eight votes and Mr. Preuss for Auditor gains eight votes.

From the extreme length of the ballots it is quite likely that the full canvass will not be completed till to-morrow. It is well assured that the successful candidates announced in the HERALD of Sunday are all elected. Wigginton and O'Donnell do not seem to be in favor, the former getting 2 votes and the latter 11 as far as counted. C. N. Wilson gets one vote and J. B. Swift one vote for Governor.

Jeffreys Lewis.

The HERALD received a pleasant call yesterday from I. J. Simmous, business manager for Miss Jeffreys Lewis, who will appear at the Grand Opera House under the Management of H. C. Wyatt, November 17th, 18th, 19th and 20th. Miss Lewis has just completed an engagement at the Alcazar Theater of 162 nights and throughout the whole season had crowded houses. Doubtless she will meet with a cordial reception here. Her repertoire includes Forget-me-not and Clotilie.

Sent to the Jug.

James Fitzgerald came into the police office on Sunday night with a cut temple and wanted medical assistance, besides a warrant for the arrest of Joseph Burns, who had cut him at the covered bridge. Very soon afterwards Joseph appeared in his turn and wanted James arrested for assaulting him with a deadly weapon. Captain Keller locked up both fellows and Justice Austin yesterday sent Burns to jail for fifty days and Fitzgerald for ten. Both men are laborers.

An Unfortunate Girl.

The Chief of Police is in receipt of a letter from Wm. A. R. Curran of San Diego, stating that a young woman, the daughter of an Italian of this city who goes by the name of Bunco, is lying seriously ill at a house of ill-fame in San Diego. The girl, whose name is Annie, is anxious to be taken from her dreadful life which she has been induced to enter upon by a vile fellow. She is living at the home of another former Los Angeles woman named Hattie.

The Fort Street Bank.

Work was begun yesterday with a large force of men and teams on the new Fort Street Bank, corner of Fort and Spring streets. The enterprise will be carried along with all possible dispatch. The plan of the building indicates that it will be one of the very finest in the city. It will be solidly built, and the exterior is not very ornate but exceedingly tasteful.

A. O. U. W.

The HERALD acknowledges the receipt of an invitation to the First Annual Ball of Germania Lodge 241 A. O. U. W., to be given at Motts' Hall, Saturday evening, November 13, 1886. The occasion will be most enjoyable, as the Germania Lodge does all things on a grand scale.

REAL ESTATE.

Worth Reading.

A Splendid Piece of Property Placed on the Market.

The Southern California Land Company Again to the Fore.

The Howes Tract on Jefferson street, including the handsome home residence and charming grounds of F. C. Howes, Esq., Cashier of the Los Angeles National Bank, to be subdivided—375 large lots (one-fifth of an acre each) with nine beautiful villa residences, including the large cottage of ten rooms of Mr. Howes; graded streets, etc., to be sold on the Homestead plan at $190 per lot, in payments of $10 monthly without interest; with first payment of $30.

The great success of the Southern California Land Company, (Baker Block), with the CHILDS TRACT, URMSTON TRACT, CITY CENTER TRACT, WILLIAMSON TRACT, ELEVENTH STREET BLOCK and COLUMBIA COLONY has been owing to the wonderfully low rates at which this popular company has placed first-class, well located property before the public.

It is refreshing to note in the midst of the boom in real estate, that one reliable firm not only gives to the people homestead lots at about one-third the price charged by others, but also performs all its promises to the letter in the building of houses, opening out of streets, putting up electric lights and extending the improvements of our city to its farthest legitimate bounds.

The maps of the Howes Tract are now ready and all will be bustle and activity on this beautiful property; surveyors will be laying off the streets and avenues, builders will be placing houses and pushing forward at once all the improvements promised, and the Tract, now almost all covered with vines, orange trees and splendid foliage, will put on a metropolitan look and keep up with its beautiful surroundings of costly buildings and cottage residences.

The Howes Tract fronts on Jefferson street, west of Vermont avenue. The location is a very popular one, in the direct line of the city's rapid growth, and will soon be reached by lines of street railroad and the Motor Road on the west.

A great demand has sprung up and names are coming in rapidly. The large salesroom of the SOUTHERN CALIFORNIA LAND COMPANY, 244 North Main street (Baker Block), is filled every evening with subscribers until a late hour.

$190 per lot is not one-third the price of outlying lots in Pasadena or the rocky cañons around it, and not one-fourth the rate of the farthest subdivisions of unmarketable tracts in East Los Angeles.

THE

PEOPLE'S STORE

The Reason of its Popularity.

Its Popularity its Success.

To do a successful business now-a-days one must do two things. Buy cheap and sell cheaper—than any other person in your line. If you can't do that you need not expect to do a live trade. **THE PEOPLE'S STORE,** when it started in business, did this and when the time approaches that it cannot continue to do this, it will give up its life and usefulness as a shining factor in the commercial world. Business has increased with us month by month, year by year. Our sales have enlarged, our premises have enlarged, and shortly we will make an enlargment of our business to that extent that every resident of Los Angeles, when showing their friends the city, will point to the People's Store with an air of pride and satisfaction to be enabled to show an institution of its size and importance within a burg of less than 50,000 souls.

Sell good wares and merchandise and sell them cheap, and your merchandise will sell, and that's what we do. We have so often explained the reasons why we do sell cheap that now they are "chestnuts." We have, amongst others, a department entitled our GENT'S FURNISHING GOODS DEPARTMENT. Two or three purchases will assure you that nowhere in this State, no one excepted, can you buy furnishing goods as cheap as from us. It is a daily occurrence with us to hear persons say "we can find the goods we want in furnishing goods and clothing stores, but the prices they ask are too much for a poor man to pay." Now if you give us the opportunity to show you what we have we'll guarantee that there's not a poor man so poor but will be satisfied with our prices.

75c buys a corded gingham or Winneconet shirting overshirt, look as well and made as neatly as a percale shirt.

We have a full stock of flannel overshirts, moleskin pants, overalls and cardigan jackets. If the male portion of the glorious semi-tropic will only keep this department in mind they'd find it would keep a great many nickels in their pants pockets.
